

Make a Donation to the Fondation Napoléon

to help promote the Study and Understanding of the two French Empires.

Since the Fondation Napoléon is a registered charity (Reconnue d'utilité publique par décret du 12 novembre 1987), gifts made to it by private individuals or companies fiscally resident in France are tax-deductible.

Tax-deductible gifts

For individuals who pay tax in France:

✓ donations known as 'manual donations', meaning direct payments to the Fondation Napoléon in cash, cheque or by bank transfer, **result in an income tax reduction of 66% of the amount of the donation**, with donations limited to 20% of the donor's taxable annual revenue. If the donation did in fact exceed this 20% limit, it is possible to spread the tax benefit over five years. The Fondation Napoléon will provide donors with a tax receipt, which should be included with the tax declaration.

✓ **Donations made as part of the IFI (ex-ISF) property tax result in an income tax reduction of 75%**. Over the year in question, the IFI (ex-ISF) tax deduction is capped at €50,000. The Fondation Napoléon will provide donors with a tax receipt, which should be included with the IFI (ex-ISF) property tax declaration.

You can only choose one type of deduction for one donation. Please let us know on each donation which deduction you require.

Companies registered fiscally in France, can benefit from an income tax reduction equivalent to 60% of the donation amount, with a limit of €5 per €1000 of pre-tax turnover.

For more information consult our website www.fondationnapoleon.org, at the section: "Supporting the Fondation Napoléon".

We are currently looking to finance several projects of key importance for Napoleonic history. If you would like to make a donation, and make a difference, to one or more of the following, please use the form overleaf:

- **"Napoléon 2026" Getting young people to know and love Napoleonic History**

"Napoléon 2026" is an ambitious project, aimed at making the Napoleonic historical periods better known to young people – school-age and university-level students as well the general public from the ages of 10 to 30.

Participation in this appeal is a way of coming together to meet the younger generation who merit our attention.

- **Development of higher education with the 'Chaire Napoléon'**

In 2014, the Fondation Napoleon set up a 'Chaire Napoléon' at the Institut Catholique d'Etudes Supérieures in La Roche-sur-Yon (France). As well as running a course on the Consulate and the Empire for second-year History undergraduates, the 'Chaire Napoléon' organises lectures and study days for the general public and is also enriching the Napoleonic content of the University Library.

- **Development of the Fondation Napoléon's digital library**

In 2010, the Fondation Napoléon launched its own digital library. It aims to make available to the greatest number, in optimal consultation conditions, important works related to the First and the Second Empire, as a complement to the tremendous work already accomplished in this respect by the BNF (Bibliothèque Nationale de France). About 150 books have already been digitised, and consulted by tens of thousands of readers.

- **Help the Saint Helena Napoleonic Heritage**

In order to continue the collective work already well underway with the restoration and reorganisation of the French Domains of St Helena, the Fondation Napoléon and Saint Helena Napoleonic Heritage (the non-profit organisation responsible for the management of the Domains' operations), are continuing to seek funds to finance the day-to-day repair work as well as for future major restorations, including the roof of the Emperor's apartments at Longwood House, which will have to be replaced in the medium term.
